The movie “Clueless” is actually a modern retelling of Jane Austen’s *Emma*. Alicia Silverstone plays the lovable and “clueless” main character Cher. She was chosen for the role after the director saw her in an Aeromsith music video. The iconic 90’s fashions and unforgettable quotes have made this movie a cult classic.

We offer Clueless socks along with other well loved and memorable movies so don’t miss out !

Ancient Egyptians would shave off their eyebrows when their cats died as a way of mourning their loss! It is often thought that cats were first domesticated by the Egyptians. However, it has been proven that these mysterious animals existed as pets 9,500 years ago which predates Egyptian art about cats by over 4000 years! We have many cat styles to choose from so you too can express your love for this enigmatic creature that has captured the hearts of people for thousands of years!

NO SHOW SOCKS

There's almost nothing quite as annoying as socks that won't stay up, and it's even worse if they are a **No Show** style that slides down in your shoe. **GOOD NEWS!!** We have the ultimate **No Show Sock** that provides the comfort and protection of a regular sock but stays put while you're running errands, working out or just out and about!

Gripper dots at the ankle ensure this sock stays snug to your foot making it the perfect choice to wear with your fashionable flats, cool sneakers or any other low cut shoe where you want the feel of having a sock on but want it to be **No Show!**

COMPRESSION SOCKS

LIKE THERAPY FOR YOUR LEGS AND FEET!

Our socks range from 15-20mmHg in compression pressure. They feature graduated compression which is tighter near the foot and gradually relaxes moving up the ankle and calf. This helps to reduce swelling while improving circulation. This level of compression is suitable for all day wear and comfort.

Our compression socks are not only therapeutic but stylish as well. Featuring some of our most popular licenses and other trendy designs, we have many options to choose from.

YOUR LEGS AND FEET WILL THANK YOU!!

COOL FACT

Popcorn is one of the best snacks around - it is a healthy option, allergen free and is 100% whole grain with fiber and antioxidants. It has been around for at least 5000 years but the first commercial popcorn maker was invented in 1885.

Americans consume an average of 38 quarts of popcorn each which is equal to 17 BILLION quarts of popcorn as a nation.

Also, popcorn kernels can pop upwards of 3 feet high!

We are sure you will love these popcorn socks as much as America loves popcorn! Be sure to check out all of our “snack socks” - we guarantee they are all good for you!

From picky tots to fashionistas in training... thanks to our Cool Socks Kids - everyone will be happy!
Our socks are made from comfy combed cotton combined with soft poly yarns to keep even the smallest of feet happy. A hint of Spandex in the ribbed top gives a gentle hug at the calf that keeps the sock in place for even the most active of kids. Our socks offer just the right amount of stretch for growing feet.

COOL FACT

Although many believe pizza originated in Italy, it was actually ancient Greeks who created the first pizza. Italians were the first to make commercial pizza in the 18th century and it has evolved as a favorite food all around the world. Americans alone eat approximately 100 acres of pizza per day or 350 slices per second - that's a whole lot of pizza! Kids age 3 - 11 prefer pizza to any other food, so let your kids show how much they love pizza with our Cool pizza socks!!
